

LEGO STAR WARS DARTH VADER MINIFIG

PAPERCRAFT MODEL BY NINJATOES

DARTH VADER

Even if you've never seen any of the movies, you probably know **DARTH VADER**, the iconic antagonist of the **STAR WARS** saga.

Trapped forever in his intimidating black armor that he needs for life support after being horribly burned, his intimidating figure leads most if not all **GREATEST VILLAIN OF ALL TIME**-lists.

Over the years, LEGO has made several different versions of the Darth Vader minifig, this being the 2008 set 10188 **DEATH STAR** version.
